Dehydrated Papaya Fruit Powder

Premium Quality Natural Fruit Powder from Harsha Natural Farms

Harsha Natural Farms is a trusted manufacturer and supplier of premium-quality Dehydrated Papaya Fruit Powder in India. We process carefully selected ripe papayas using advanced dehydration technology to preserve their natural flavor, aroma, color, and nutritional value.

Our papaya powder is widely used by food manufacturers, nutraceutical companies, health supplement brands, exporters, wholesalers, and distributors seeking high-quality natural fruit ingredients.

About Dehydrated Papaya Fruit Powder

Dehydrated Papaya Fruit Powder is produced by drying fresh ripe papayas under controlled hygienic conditions and converting them into a fine powder. This process helps retain the fruit's essential nutrients while increasing shelf life and ease of use.

Papaya is naturally rich in vitamins, antioxidants, dietary fiber, and enzymes, making it an excellent ingredient for food and wellness products.
